

## Fabric Tow Loop

### Product information

TRS' fabric tow loops are the original and still the best tow loops available. They have the strongest break strength, crucial when recovering cars from gravel traps, and utilise permanently dyed webbing for strong bold long lasting non-fade colours. Made in England.

All tow loops are MSA compliant to Blue Book rule Q19.1.3 and are suitable for front or rear fitment to all car types. Overall length is 26cm, with a loop diameter of 13cm, the steel mounting plate bolt-hole centre ID is 12.5mm.

Red, blue, black, yellow hi visibility and orange two loops are produced using 5000kg break strength webbing. Yellow, green, and silver tow loops utilise 3000kg webbing. Warning - web tow loops should be kept clear of hot exhausts.

#### Features:

- Original and best tow loop
- 5 tonne fade resistant webbing
- MSA complaint to Blue Book rule Q19.1.3
- Overall length 26cm
- Loop diameter 13cm
