

Fabric Tow Loop Adjustable

Product information

Made in England. TRS' adjustable fabric tow loops are the original and still the best adjustable tow loops available. They have the strongest break strength, crucial when recovering cars from gravel traps, and utilise permanently dyed webbing for strong bold long lasting non-fade colours.

All tow loops are MSA compliant to Blue Book rule Q19.1.3 and are suitable for front or rear fitment to all car types. The adjustment range is 16cm - 60cm using pinch plates. Loop diameter is 13cm and the steel mounting plate hole centre ID is 12.5mm.

Red, blue, black and orange two loops are produced using 5000kg break strength webbing. Yellow, green, and silver tow loops utilise 3000kg webbing. Warning - web tow loops should be kept clear of hot exhausts.

Features:

- Original and best adjustable tow loop
- 5 tonne fade resistant webbing
- MSA complaint to Blue Book rule Q19.1.3
- Adjustable range 16cm-60cm
- Loop diameter 13cm
