

Gold Heat Reflective Tape

Product information

Lightweight TRS gold heat reflective tape is a professional metalized polyamide polymer laminated glass cloth, capable of handling continual temperatures up to 850°F. It is ideal for use on race, rally and fast road cars.

The TRS gold heat reinforced tape is easy to trim and apply due to its strong reinforced backing, making it ideal for covering awkward shapes. Areas of use include firewalls, bulkheads, engine covers, wiring looms, floors, seat bottoms and suspension parts.

Fantastic shiny gold appearance helps transform appearance of the area where the tape is applied and is suitable for both professional and clubman use. Available in 3 sizes

Features:

- State of the art metalized polyamide polymer laminated glass cloth
- Premium quality heat tape
- Capable of handling temperatures up to 850°F
- Easy to apply
- Self adhesive backing
