

Around The Wheel Lashing

Product information

Made in England the around the wheel lashing is a two part assembly with a 4000kg rated break force. It features a double locking handle ratchet, claw hook end fittings and is produced using orange 50mm width high tenacity polyester webbing.

Supplied with a soft eye link strap, this prevents damage of expensive alloy wheels when the link strap sits across the face of the wheel. Suitable for race, rally and formula/sports proto cars.

Lashings are available from stock. TRS can also offer a bespoke service that can quickly produce lashings with alternative lengths, end fittings, ratchets or webbing to order.

Webbing can also be customer printed with your company logo or other design. Minimum order qty is x 50 lashings for own brand printing.

Features:

- Soft link strap protects alloy wheels from damage
- 50mm locking ratchet
- Claw hooks end fittings
- 50mm high-tenacity polyester webbing
