

TRS is part of Axel Johnson International, a global industrial group of more than 120 companies in 28 countries. Axel Johnson international drives business development and growth through a long-term approach to ownership in strategically selected niche markets, primarily technical components and solutions for industrial processes.

9 Colour Options

Manufactured in England

TRS specialise in manufacturing work boat safety harnesses.

Typically, our 2pt and 4pt occupant safety harnesses are used on crew transfer work boats or high speed passenger ferries.

Using a TRS safety harness ensures that the offshore transportation of crew on work transfer vessels can be done safely and comfortably.
