Co- Driver Footwell Carbon Fibre

Co-Driver Footwell Carbon Fibre

- ▶ High quality carbon navigators footwell
- ▶ Suits both FWD and RWD cars
- ▶ Textured grip to prevent co drivers heels from slipping
- ▶ Easy installation
- ▶ 19cm x 39cm x 47cm (H/W/L)

Made in England. The co-driver footwell features raised grip sections which reduces slippage allowing the driver to have greater pedal control in comparison to a standard footwell.

There is a slight raise in the footwell allowing the heel to position in a more comfortable position. Our new and improved narrow design is suitable for both FWD and RWD cars. 19cm x 39cm x 47cm (H/W/L)
